## **INSURANCE**

Fees incurred are due in full when services are rendered. They are entirely the patient's responsibility. However, as a courtesy to our patients, we are happy to accept major dental insurance provided we have a signed claim form and benefit booklet on your initial appointment. Patients need only to pay their portion (deductible and co-insurance) at the time of treatment, if the above materials have been provided.

Insurance is a contract between the patient and their insurance company. Our business personnel will assist you in filing insurance in order to maximize your benefits. If, for any reason the insurance does not pay within forty-five days, the balance is due payable in full by you at this time. The patient remains ultimately responsible for the total bill. We will make every effort to facilitate this process.

I fully understand the above and agree to its terms:
